

HELLO STUDENTS,

You have 2 days of individual study. You can do everything in one day or two- that is up to you.

What you have to do:

1. **SPECIAL MATH ASSIGNMENT** (video + individual work)

Pri tej posebni matematični nalogi prosim, da si najprej pogledaš video in potem ob videu narediš "naloge" za svojo hišo/stanovanje.

2. **DRAW A MAP OF YOUR HOUSE**

Nariši tloris (slika iz ptičje perspektive) svoje hiše in POIMENUJ vse prostore v hiši

3. **PREPIŠI V ZVEZEK NASLEDNJE POVEDI: PAZI!!! NAPIŠI JIH TAKO, DA SO RESNIČNE ZA TVOJO HIŠO/STANOVANJE.**

This is my house / apartment. There **is/are** one/two/three floor/s. Upstairs there is a kitchen, a living room, a bathroom and a hall. Downstairs there are two bedrooms.

We haven't got a garage. We have got a small garden.

My room is downstairs. My room is between my parent's room and my brother's room.

I like my room. My room is small/big/ medium sized.

In my room there is a bed, a desk, a wardrobe. The window is opposite the door. There is a chair next to the desk. There is a cupboard next to the bed. I have got some books, toys and clothes in my room. There are posters on my walls. The walls are yellow. I like my room, because....
